

# Sponsorship Opportunities

Join us in working to unite people with developmental disabilities to engage and build their best lives, and to help create a more diverse and inclusive community for us all.

# About Us

In 2007, families of adults with disabilities met to discuss the future for our loved ones. We wanted our family members to have opportunities to socialize, feel connected to their community, and gain independence. LOV Inc. was born out of these common goals, and by creating a formal community we were able to share information and resources, address barriers, and make meaningful change together.

We are still a family-led organization, now with strong partnerships with the disability services system to aid in the holistic support of our members. From a group of eight families in Dane County, we have grown to a community of hundreds of families across Wisconsin, and now serve over 300 people through our innovative programs designed to help children and adults with a disability live their best lives. Our vision is an inclusive community where everyone is an essential citizen, and this work is needed today more than ever. We invite you to join and support us in making that vision a reality.

*Being in community with other families experiencing similar hopes and challenges was affirming and encouraging. We feel much more informed about available resources to support our son and help him become independent. We appreciate your caring facilitation of the workshop sessions and the knowledge and wisdom you shared.*

# What We Do

## Bridge Builder Project

Members work one-on-one with staff to identify interests, set and meet goals, and build lasting relationships. They work to build a more fulfilling and independent life as a valued community member.

**[More info](#)**

## Latino & Tribal Family Navigator Projects

Support Spanish-speaking and Tribal families of children with a disability in accessing resources and information on getting a diagnosis, school and community services, home modifications, housing and food security, and more.

**More info: [Latino](#) & [Tribal](#) Projects**

## Workshop Series

*Moving On:* Helps develop a plan for increased independence and moving out of the family home. **[More info.](#)**

*Fearless Future:* Helps plan for future care and independence when current primary caregivers are no longer able to provide the necessary care. **[More info](#)**

## Events

- *Learn With LOV* educational events
- Monthly *LOV Inc. Night* social events
- Bridge Builder Interest Groups
- Latino & Tribal Navigator Project educational & community events
- Winter Gathering & Summer Picnic
- Most are free! **[More info](#)**

*Matteo and Alex struggled to socialize and make friends. Today, after a year in the Bridge Builder Project, they have the skills to make lasting friendships as they did with each other through their mutual interest in Dungeons & Dragons and working out at the gym. They are excited to continue enjoying those activities together and making new, genuine connections on their own.*

# Sponsorship Levels & Benefits

## Champion

**\$7,500**

Large company logo & link on LOV Inc. website

Individual social media recognition post
